HELPING CHURCHES REPRODUCE CHURCHES

March 13, 2019

BCPM was able to assist with two new church plants within the last four weeks. The first was in Phoenix, AZ with pastor Jeff Wilson. The reproducing church was Beacon Baptist of Phoenix with Pastor Nathan Massey. BCPM helped Beacon Baptist start just five years ago and it was good to see this young church reproduce. The second church plant took place in Reggio Emilia, Italy, with missionary Brandon Cook. The reproducing church was Five Forks Baptist in Hillsborough, NC. Church groups from Five Forks Baptist, South Haven Baptist in Springfield, TN, and regional churches in Italy all worked together to distribute over 40,000 John and Romans with invitations. Both of these church plants saw guests from their communities attend the get acquainted meetings and Sunday services.

Pray for the future church plants that are scheduled and that the Lord would do a wonderful work:

- March 31- April 4 - Dayton, OH (Pete Davison / Reproducing church is Haynes Baptist in Winston Salem, NC with Pastor Jason Holley)
- May 5-9 - Shrewsbury, MA (Phil Gage / reproducing church is Carpenters House Baptist in Germantown, OH with Pastor Keith Wallace)
- Sept 8-12 - Sarnia, Ontario Canada (Bruce Cook / Reproducing church is Bible Baptist in St. Thomas, Canada with Pastor Johnny Yeomans)
- Oct 20-25 – Leawood, KS (Keith Drinkard / Reproducing church is South Knollwood Baptist in Topeka, KS with Pastor Jeremiah Metsinger)

Thank you for partnering with BCPM in prayer and financial support! We are asking the Lord to continue to open doors to help churches reproduce churches all over the world and your investment is critical in furthering church planting in needy areas.

Advancing in Christ,

Jeremy Rowland,
General Director
