Filling a Void: Discipleship Materials

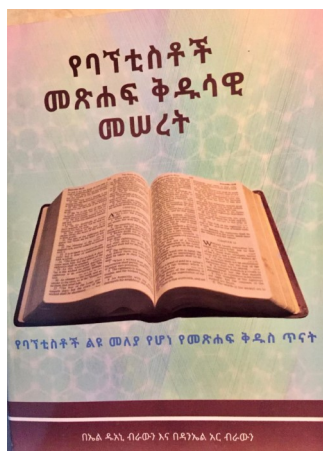

One of the greatest needs of churches in East Africa is having materials for evangelism and discipleship.

Through a gift from Campus Church, Pensacola FL we were able to help East Africa Baptist Mission (EABM) prepare and print 100,000 gospel tracts in four languages. They will be distributed to churches across Ethiopia and South Sudan beginning this month.

The outside panel of the Amharic tract

The Oromo language tract will be used during a special area-wide distribution in Muslim communities in southern Ethiopia during November. Please be in prayer that the tracts will open hearts.

*Amharic version of
"Biblical Basis
for Baptists"
by L Duane Brown,
a project we
completed in 2018*

Although we are blessed with an abundance of discipleship materials, the Baptist churches in Ethiopia and South Sudan have nothing to use to strengthen believers in their new faith.

EABM has prepared a 15 lesson book for new converts titled "Making Believers Christ Followers". Some of the lessons in the book are: the trinity, the fall of man and salvation, baptism, the Lord's supper, worship, serving the Lord, and prayer. This work has never gone to print and with your help, we would like to help.

To produce 3,000 copies of the book in the Amharic language, the cost will be \$6,000. Once that is complete, they would also like to produce it in three more languages.

Would you make this a matter of prayer? Most of these churches are ministering in Muslim areas. It is vitally important that new converts receive a solid Bible foundation if they are to grow in their faith.

Myanmar Evangelistic Outreach

Last month we sponsored a team of students and faculty from Faith Theological College that traveled to Rakhine State and conducted VBS style meetings, film evangelism, adult teaching and preaching sessions, and one-on-one witnessing in five communities.

Thirty four Buddhist villagers accepted Christ.

This outreach assisted church planting missionaries sponsored through the Timothy Project.

India: Construction Update

Construction is underway at New Life Bible Baptist Church in Poduru, Andhra Pradesh, India. In these photos, the roof is being poured. It is a flat roof that will serve as the floor of the second story sometime in the future. This is a \$10,000 project and thus far, \$7,000 has been given.

Would you continue to pray that the Lord will provide for the remainder? This is the only church in a city of almost 10,000 Hindu people.

Final Word

Rodney is currently in northeast India ministering at two Bible schools and in local churches. We will send a special update on his trip once he returns. Please keep him in your prayers.

Thank you for being the Carpenter's friend. May God bless you.

Rodney John
