Ministry Focus

Teaching Children Effectively™ (TCE) Level 1 Course

Teaching Children Effectively™ Level 1 is a course designed to equip local church members to reach children for Christ in various settings including a *Good News Club®* in your community and public schools as well as other children's classes. Attention is focused on the lost condition of the child without Christ and the biblical basis for child evangelism. Special emphasis is placed on methods of evangelism, such as the Wordless Book and the evangelistic Bible lesson. Students are also instructed in how to plan and conduct evangelistic children's classes in various venues. The course provides practical training, thus enabling students to immediately begin children's classes in their neighborhood or local school.

TCE Level 1 classes are currently being offered. For more information and to register contact your local office or the state CEF office.
